Abhishek Maurya

MCA (Data Science) Student | Aspiring Data Scientist & Software Developer
+91 7307909367 | abhishekbreeza@gmail.com

PROFESSIONAL SUMMARY

MCA student specializing in Data Science with a strong foundation in Python (NumPy, Pandas), databases and software development. Developed an e-commerce website for online sale of college uniforms using Python (Django) and MySQL as an academic project. IBM-certified in Artificial Intelligence and Data Science, and eager to apply problem-solving and analytical skills to real-world applications in an entry-level Data Science or Software Development role.

EDUCATION

Master of Computer Applications (MCA) – Specialization in Data Science 2025 – Present
Dev Sanskriti Vishwavidyalaya

Bachelor of Information Technology (B.I.T.) – CGPA: 7.2 2022 – 2025
Shri Ramswaroop Memorial University

Senior Secondary (Class XII) 2022
Shri S B G V I C, Raghunathpur Parasrampur, Basti

ACADEMIC PROJECT

College Uniform E-Commerce Website Academic Project
HTML, CSS, Python, Django, MySQL

- Developed an e-commerce website for the online sale of college uniforms, allowing students to browse and purchase uniforms easily.
- Built product listing pages with uniform details such as size, price and availability, along with a shopping cart feature.
- Used the Django framework (Python) for backend logic and designed a MySQL database to manage products, customer details and orders.
- Created a clean and user-friendly interface to make the ordering process simple for students.

TECHNICAL SKILLS

Programming: Python
Libraries: NumPy, Pandas
Web Technologies: HTML, CSS, Django
Databases: MySQL, MongoDB
Cloud: AWS Fundamentals
Other: Graphic Designing

CERTIFICATIONS

Learning Path of Data Science – IBM Skills Network 2025
Introduction to Artificial Intelligence – IBM SkillsBuild 2024
Data Science Methodology – IBM

SOFT SKILLS

Problem Solving • Analytical Thinking • Quick Learner • Teamwork • Communication

INTERESTS

Reading Literature • Poetry Writing • Travelling
